Feel free to call if you have any questions on whether or not requested retouching is extensive.

If you have a few images, up to 10, that need a spot removed like a bug or fly away hair, that's no problem and no extra charge! Passed the 10 image mark the hourly rate will be put in place and billed by the half hour.

ALBUMS + BOOKS

LAY-FLAT ALBUMS: Each album requires design/layout time with a 1-time **\$100.00 Set Up Fee**
Circle the size and options you'd like to include with your album or call 406.212.6346 to order.

You can select your images and let us know the image numbers, or you can give us complete creative freedom to choose the best pictures and lay them out for you in a gorgeous design. Having us select your images will save you time and the headache, but if you would like to choose your images, please email your list of image numbers to info@amandaguyphotography.com -- the image number is usually 4-digits and at the end of each photo's file name -- EXAMPLE: 3421.jpg. We can fit up to 9 images on one page. As an example of how many images to choose for 10-pg books, we recommend selecting no more than 30 to 60 images total for the entire book. It's essential to specify the cover image you'd like as well for photo covers.
